Sprint 3 Plan

Product: First Ascent
Sprint Start Date: 11/4/2018
Sprint End Date: 11/18/18
Revision Number: 1
Revision Date: 11/6/18

Goal: Work on adding more functionality to the website such as route pictures, route line js, a rating system, and a comment feature

User Story 1 - 3 Points
As a user, I want my posts to include pictures so that other people can see what my climb looks like.

> Task 1. [2] Add a way to upload a picture to the database from the new post page

User Story 2 - 5 Points
As a user, I want to draw route lines for the climb to show other people how I climbed the route.

> Task 2. [3] Implement js to allow the user to draw lines on their post picture
> Task 3. [2] Create a way to save the lines drawn to the uploaded picture in the post

User Story 3 - 5 Points
 As a user, I want to be able to rate and review climbs for others to see

> Task 5. [3] Create a rating system that changes based on other user's opinion (average)
> Task 6. [2] Create a comment section for other user's to leave feedback

Extra Tasks:
> Task 7. Continue working on CSS and general functionality of website
